

Ajay Maddineni

📞 9381571984 — ✉ maddineniajay59@gmail.com — 🌐 LinkedIn — 🐙 GitHub — 🌐 Portfolio

Career Objective — Enthusiastic and motivated fresher with a strong foundation in Python and SQL, eager to begin a career in software development. Committed to learning new technologies, applying problem-solving skills, and contributing to building efficient and scalable applications.

Technical & Transferable Skills

Programming : Python

Web Development : HTML5, CSS3, Bootstrap, ReactJS, Flask

Databases: RDBMS, MySQL

Cloud Platforms : Microsoft Azure (AZ-900), Azure App Service, Power Apps

Development Tools : Git, VS Code

Soft Skills: Communication, Collaboration, Problem-solving, Cross-functional teamwork

Projects

Personal Portfolio Website(Flask, Reactjs) —(Self-Driven Project)

- Developed a full-stack personal portfolio application using React (frontend) and Flask (backend) with RESTful APIs for dynamic content rendering.
- Built the frontend using reusable React components and enabled smooth page navigation with React Router, while connecting to backend APIs using fetch calls with loading and error handling.
- Deployed the application on Render with separate frontend and backend services, implemented a health monitoring endpoint (/health), and used uptime monitoring to prevent cold-start latency.
- **Live Website:** <https://ajaymaddineni-portfolio-dp5s.onrender.com/>

BMI Calculator Web Application (Flask, Azure)—(Self Driven Project)

- Built a responsive BMI application using Python (Flask) for backend logic and HTML/CSS to create a clean, functional frontend interface.
- Implemented Flask Session management to persist user data across requests and integrated server-side validation to handle non-numeric or out-of-range inputs.
- Successfully deployed the application to Azure App Service, ensuring the project is live and accessible via a public URL.
- **Live Website:** <https://bmicalcapp-htdvfebgdqbuc2fe.centralindia-01.azurewebsites.net/>

Internship

Internship: South Central Railways (Vijayawada)

- Assisted in post-journey train inspections at the loco shed, checking braking systems, wheels, and underframe components for safety and physical damage.
- Gained exposure to coupling and air braking systems, and supported basic fault identification and reporting to ensure safe train operations.

Education

Narasaraopeta Engineering College — BTech in Mechanical Engineering—CGPA: 7.68

Passout: 2024

Sri Chaitanya Jr College — MPC — CGPA: 7.46

Passout: 2020

Care High School — SSC — CGPA: 9.0

Passout: 2018

Certifications

- Microsoft Azure Fundamentals (AZ-900)
- Microsoft Power Platform Fundamentals (PL-900)
- Python – Coursera (UMich), NPTEL
- IBM Databases and SQL - Coursera

WorkShops and Activities

- PwC Switzerland Power BI Job Simulation (Forage)
- Hobbies : Playing Cricket
